

2000 TOW RATINGS

Compiled by Doug Marion

Trailer Life's annual guide to factory tow ratings for autos, light-duty trucks, sport-utility vehicles and vans is the largest guide ever published. Minimum vehicle towing capacity is 2,000 pounds. While the respective manufacturers provide all the specifications—and every effort has been taken to ensure accuracy—buyers should verify the information by reading the factory tow guide for their particular vehicle. It's also important to note that some capacities may change during the model year without notice, and a few were not available at presstime. Again, consult with the latest towing guide for your respective vehicle manufacturer before signing on the dotted line.
